Teacher Showed Rank High.
If education is to do what we hope for our children, it is imperative that the best and most gifted men and women should be attracted into the ranks of teachers and that they should be regarded as filling one of the most highly honored positions in the land.

Luxurious Bath Robe.
A new electrically heated bath or lounge robe has woven into the fabric 7,000 feet of specially constructed wire to distribute current taken from a lamp socket without danger of shock or fire.

NOTICE OF CONTEST.
Department Of The Interior,

March 9, 1911.

To Alfred E. Davis, of Estancia, N. M. Contestee:

N.M.P. Meridian and as ground for his contest he alleges that said Alfred E. Davis did not make said entry in good faith or for the purpose of securing a home, but was made for speculative purposes, and with the intent and purpose of selling said entryman's relinquishment for gain, and that pursuant to such purpose the said contestee has actually executed and acknowledged a relinquishment to said homestead but that said relinquishment is not in the possession or under the control of said contestant, that said contestee has never established nor maintained his residence on said lands, nor has he cultivated the same in accordance with the homestead laws, but that said contestee has abandoned said land for more than six months last past.

You are, therefore, further notified that the said allegations will be taken by this office as having been confessed by you, and your said entry will be canceled thereunder without your further right to be heard therein, either before this office or on appeal, if you fail to file in this office within twenty days after the FORTH publication of this notice, as shown below, your answer, under oath, specifically meeting and responding to these allegations of contest, or if you fail within that time to file in this office due proof that you have served a copy of your answer on the said contestant either in person or by registered mail. If this service is made by the delivery of a copy of your answer to the contestant in person, proof of such service must be either the said contestant's written acknowledgment of his receipt of the copy, showing the date of its receipt, or the affidavit of the person by whom the delivery was made stating when and where the copy was delivered; if made by registered mail, proof of such service must consist of the affidavit of the person by whom the copy was mailed stating when and the post office to which it was mailed, and this affidavit must be accompanied by the postmaster's receipt for the letter.

Round or Flat?

The British have had heaps of trouble in Siam to make the natives understand that the world is round, instead of flat. Indeed, the native teachers keep on teaching the children that it is flat, and when argued with they reply: "If it isn't flat, why do the mountains stand up as they do, instead of rolling downhill?"

Some Peanuts.

America, even if it were not for the circuses, eats more peanuts than any other country in the world. We do not seem to be even able to supply our own demand, as during 1907 and 1908 Japan exported 17,000,000 pounds of peanuts, and the major portion of them came to this country.

Habit of Loon.

As a diver the loon excels and naturally, for it is his sole means of livelihood. Not only is he marvelously quick, but he can remain under water for a seemingly endless time. In swimming under water he uses both wings and feet and can go for several hundred yards in the fashion. The loon, like many other water fowls, sleeps on the water with his head tucked under his wing.—St. Nicholas.
